Have you ever wondered WHY the enemies of America and the White Race are forever telling us that we are a "DEMOCRACY" and that "DEMOCRACY" is the political wonder of the world?

Most right wingers vaguely sense that the whole campaign is subversive, and know that America was set up as and is supposed to be a REPUBLIC, NOT a "democracy". Republic is mentioned prominently in the Constitution--"democracy", not ONCE!

But that doesn't answer the question of "WHY?".

The Jews are the world's greatest lovers of "democracy" and it is they who so eternally push this idea. They called the pro-Jewish side in World War II "The Democracies"--INCLUDING THE SOVIET COMMUNISTS. (And the Jew-Communists, in turn, call themselves "Democrats".)

Of what interest is it to the Jews to turn our Republic into a "Democracy"?

First, let's look into the difference between a "democracy" and a "republic".

A "democracy" is DIRECT rule by the people, such as you have in a small New England town where everything momentous is decided at a town meeting.

Under such conditions, where everybody knows everybody else INTIMATELY, "democracy" is not an evil institution. Leadership choices can be made on the basis of PERSONAL KNOWLEDGE of all the candidates.

But when the political group becomes so large that only a relatively small segment of the population can ever get to know any individual in the group PERSONALLY and INTIMATELY, then it is IMPOSSIBLE for the people DIRECTLY to chose their leaders wisely.

Our forefathers developed a method, therefore, of preserving the best features of "democracy" in this situation, by REPRESENTATIVE Government.

While the citizen of Podunk might not know the exalted candidates for the highest office, the lowly citizen DOES KNOW PERSONALLY the men in his own town of Podunk. From the men he knows personally, he chooses the BEST, as he is fitted to do. Most men know INSTINCTIVELY the natural born leaders among them.

These "elite" then gather from all the "Podunks", and work together until they know each other--personally.

From among THEIR OWN NUMBER, they can then chose the BEST LEADER of all of them.

Then these super-selected gentlemen, chosen by each representative group, can move up a step to a still more "elite" group, etc.

But the key element in this REPRESENTATIVE process is that DEMAGOGUERY is much more difficult than if there were no such system in a large population group such as a whole nation.

Where the people can never know the candidates PERSONALLY, and there is no representative system, any slick faker can present himself through publicity as "Good Old

Honest So-and-So" and, if his PUBLICITY CAMPAIGN IS MANAGED CLEVERLY ENOUGH--IT WILL ALWAYS FOOL THE MAJORITY OF THE POPULACE, which by the law of mathematical distribution, is always the most gullible.

In a truly representative government, each choice of leader up the ladder is made by those immediately below WHO KNOW THE CANDIDATES PERSONALLY. Demagoguery is IMPOSSIBLE. One politician can't fool another.

But if the representative system can be SHORT-CIRCUITED, and the great mass of humanity turned into one giant "democracy", in which the people vote for their leaders DIRECTLY--then public office can be and is won by the man with the cleverest and most powerful PUBLICITY.

This is precisely what has happened to the United States of America, and it is NO ACCIDENT.

When our Nation was founded, the Founding Fathers were well aware of the deadly dangers of "democracy"--and guarded against it in many ways. One of the most important was in the manner of selecting the President.

They realized that the people could never know and judge candidates for president wisely, because they could never know more than the PLANNED PUBLICITY each of them put out. So they established an ELECTORAL COLLEGE of REPRESENTATIVES, the ELITE of the local groups, to CHOOSE FOR THEMSELVES, the best REAL LEADER--not the best demagogue. Demagoguery could not fool the electoral college.

With humanity's typical disregard for great gifts, America promptly began to circumvent this brilliant device to defeat demagoguery. Today, the electoral college, as everyone knows, is a farce--a formality. The real contest has degenerated into a multi-million dollar battle of public-relations experts.

Not one person in a hundred thousand in America ever even MET the candidates for Presidency. In voting for them, people think they are voting for a MAN--sometimes they even delude themselves they are voting for "principles".

But they are NOT. --They are voting for what is called, with the utmost cynicism and contempt for voters intelligence, the "image".

The system is to find out what the "people" want by "public opinion research"--which is a very accurate and scientific procedure.

The second step in the system is to find a relatively neutral, personable lump of political human clay which can be molded into the "image" which must precisely fit the desires of the mass of voters.

The manipulators have even gone one step further than this, as I learned working for the Jews in Madison Avenue advertising circles in New York.

There is a certain kind of advertising called "missionary work" which is used where there is no natural demand for the product but the demand must be CREATED. This is usually the case with any new product with a revolutionary nature but especially with a

product which is harmful and unnatural, like cigarettes or "modern art". The technique here is to build up a desire where none existed before and only then to fill that desire with a particular product.

The overwhelming Jewish business of advertising has performed literal miracles in this field by convincing millions of Americans that they are just crazy about Negroes and everything Negroid--jungle "music", degenerate Negro "bop" talk, tasteless Negroid "fashions" and all the rest. This artificial "demand" is then thoughtfully filled by the merchants of political "images".

The Founding Fathers, as we have pointed out, were well aware of this evil even though they knew nothing of television, radio or mass circulation magazines. The electoral college was not the only safeguard against demagoguery which they set up in our Republic.

In establishing our national law-making body, the Congress, they divided it into two sections--one to be composed of direct representatives of the people, the House of Representatives. Here the idea was to divide the country up into sections, each of which would contain no more people than might get to know its representative well enough to choose him wisely. Then, to make absolutely sure that demagogues would not be able to swindle the people into foolish laws, they established a Senate whose members would NOT be elected by the people, but by the more sophisticated members of the state legislatures.

The termites eating away at our national foundations have not only destroyed the effectiveness of the electoral college, but they managed, in 1913, the same year they got through the income tax Amendment, the Federal Reserve and they set up the Anti-Defamation League and the giant left-wing foundations, to pass an amendment eliminating the election of senators by the state legislatures and having senators elected DIRECTLY by the people, just like representatives.

On top of all this, the so-called self-styled "liberal forces", eternally led by the sly Jews, have also seen to it that everything that can creep, crawl, squirm or wriggle to the polls is allowed to "vote" as a "sacred right". They press for lowering the voting age because children are much more easily influenced by demagoguery than adults. They want Negroes to vote because the Negroes are a child-race and are more easily influenced by demagoguery than White men. The average woman, while man's "equal" in her own field, is notoriously non-political minded and falls easily for a handsome, dashing liar like Franklin D. Roosevelt, who swept millions of women off their feet. If it were not for millions of thoughtless, chicken-brained women full of "do-goodism" led by Eleanor Roosevelt and the Jews, the United Nations would long ago have gone down the drain.

Thus we see that the Jews' passion for "democracy" transfers political power from the elite group of representative leaders into the hands of the most foolish and gullible masses. And the masses, in turn, are in the absolute power of the world's greatest masters of demagoguery, lies and psychological manipulation--the Jews.

It is no accident that our three TV networks are chairmaned by three Russian Jews

organization, we have ALREADY succeeded in implanting in the minds of most human beings on earth, an image of ourselves as the world's foremost RACISTS, anti-Communists --and, therefore, "anti-Semites".

Except in the very smallest groupings of human beings, "democracy" is nothing more nor less than a POLITICAL VACUUM. The first step of the Jews in filling that vacuum is to emphasize "individualism" and "democracy" until they have destroyed all elite White Gentile leadership and substituted the "sacred" idea of the "democratic mass".

Meanwhile, they work feverishly to BUY more and more of the media of public information and entertainment.

When they have everything except the dogs and horses voting, and reading, watching and hearing nothing but their pro-Jewish, pro-race-mixing propaganda, they are in effective working mastery of the nation, as they are now.

The last step in this program of subversion and usurpation is the presentation of actual Jews as "leaders". They have to be careful here because too rapid placement of actual Jews in top positions would stir up the stupid Gentiles to a political revolt which would put an end to their sneaky game.

So they approach the enthronement of their Jew monarch obliquely--first by winning acceptance for another more popular minority.

The Jews, who by nature and throughout history, have hated Catholics, suddenly commiserate with their Catholic "brothers". This campaign by the Jews has been fantastically successful. They have managed to install "their" pope and a "Catholic" president who surrounds himself with racial Jews, Zionists, Unitarians and other members of the "chosen brotherhood".

AMERICA IS NOW ALMOST READY FOR THE LAST STEP--THE ELECTION OF A JEW PRESIDENT!

They know that the public is fed up to the ears with the empty promises of their present puppet who is just about "used up" as a tool. Just as they knew Truman would utterly exhaust the patience of the people and so sent their boy Ike Eisenhower over to join the "other side" as a public image, now they have sent their boy, Goldwater, into the ranks of the "right wing" to be eventually elected after the tidal wave of revulsion against red Jack.

And the saddest commentary in this great rotten American "democracy" is that the vast majority of those who consider themselves the thinking elite in our nation, the conservative White Gentiles, are falling all over themselves to help this Jew Goldwater up to his throne!

The Jewish buildup of this clever demagogue should be obvious to any businessman who ever had any advertising done and saw an advertising agency at work.

The Jew fraud of democracy is the world's greatest confidence game, and it works!

. . . except when NAZIS appear!

CAUTIOUS COMMENDATIONS FOR MADOLE

We have received quite a few letters recently asking us to commend James Madole and his National Renaissance Party for getting out on the streets at last to attack Jew treason and subversion.

I take the greatest pleasure in doing so. If a few more of America's patriot societies would follow the lead of the American Nazi Party and now the National Renaissance Party and get out into the streets where the FIGHT is going on, the Jews might be through even BEFORE '72.

As a matter of fact, one of the former officers of the American Nazi Party--Dan Burros, and the present leader of our New York unit, George Lincke, were present when the Jews attacked and they fought these lovers of "free speech" shoulder to shoulder with Madole. (Lincke was present as a private individual and has no connection whatsoever with the National Renaissance Party.)

However, it is necessary to qualify our commendation a bit to protect the American Nazi Party.

I have always enjoyed James Madole's penetrating analyses of world affairs in his "Bulletin". On the other hand, I cannot forget, nor do I dare forget, that Madole's political sagacity leaves something to be desired. His organization is listed by the Attorney General as "subversive"--although he is no such thing, of course.

Something like ten years ago, the big Jews decided they needed a Nazi "ogre" to frighten all the little Jews into line and out of bigger contributions.

Madole, who is the very picture of an ivory-tower intellectual with a huge dome of a head; bulging, staring eyes, which seem to be peering far into outer space, is the last candidate on earth one would pick for "Fuhrer". So the Jews picked him as their ogresh Fuhrer precisely for that reason. They supplied him with a Jew named Emanuel Truhill, who turned out to be a raving Bolshevik, as a "deputy"; a chauffeur-driven high-powered sedan; call-girl Pat Ward and other doxies to make his meetings attractive, and they went down to the Trenton State Prison and paid a whole "graduating class" of released convicts to "join" Mr. Madole to provide him with some "membership".

The House Committee on Un-American Activities at the time was chairmaned by Congressman Velde and while he was on vacation and the Committee in recess, the inevit-

able Jew on the staff of such committees, COMPLETELY WITHOUT AUTHORIZATION prepared a "report" on Madole and his National Renaissance Party, complete with horrifying details dutifully supplied by Manny Truhill (he told Madole his name was Mana), Pat Ward and her whores, and the hired convicts.

This utterly spurious "report" was then "leaked" to the waiting Jewish press, which blasted it all over as a "deadly Fascist danger".

At this time, the Attorney General could "list" any organization without any special procedures and the Jew gang in the Justice Department promptly did exactly that to Mr. Madole. He remains listed as "subversive" to this day.

But this is not the only reason I must be careful in dealing with Madole. The Jews are simply perishing with eagerness to list me as subversive or find any grounds for prosecuting me, etc. For five years I have consistently outwitted them and outfought them and they have not been able to do it. Madole has allowed himself to fall into one of the most deadly traps ever set by the scheming, villianous Hebrew: the monstrous fraud of Soviet "anti-Semitism".

As a result, Madole, in all honesty, I believe, has been preaching for two years that Castro is a great "patriot" and that the Chinese Communists are really only patriotic nationalists in disguise. And his delusion that Russia "turned on the Jews" (in spite of the fact that the new Deputy Premier, the No. 2 man, is the Jew Dymshits) has inevitably led him to preach that the Soviets are really the "new barbarians" of our age, who will rout western decadence and who are, therefore, the hope of the world!!

In addition to all this, Madole is violently, fanatically anti-Catholic and I will not tolerate this. Hitler had the same miserable trouble in his struggle for power with people who insisted on dividing the pitiful forces of the White Race in wretched RELIGIOUS quarrels.

Therefore, in spite of the fact that there is much to admire about James Madole, especially his recent courageous emergence into the street revolution going on in America, I must hold him off at arm's length ideologically. I am sure he means well, but the Jews would instantly use any slightest connection between us to throw me into their "subversive" pot where he wound up.

So I wind up welcoming Madole into the streets where any patriot with anything to say should be saying it, and congratulating him on his courage in joining the FIGHT, but nevertheless insisting that the American Nazi Party is not, and cannot be, connected with Madole, the National Renaissance Party, or its policies or program.
